EXPERIENCE

The studio at Illinois

Champaign, IL

Programmer

September 2024 – Present

- Collaborate across art, design, and audio teams for a VR archaeology experience in Unreal Engine
- Identified usability pain points and implemented responsive UI/UX improvements

Iron Galaxy Studios

Chicago, IL

Programming Intern

May 2023 – August 2023

- Engineered a personalized soccer game in EASy68K assembly language, demonstrating strong low-level programming skills and logic optimization
- Implemented core mechanics in Unreal Engine and C++ for a 3D Action Roguelike game, refining gameplay and strengthening problem-solving abilities

PROJECTS

VRchaeology

Champaign, IL

Programmer

December 2024– Present

- Integrate player feedback into gameplay systems in Unreal Engine Virtual Reality, addressing design concerns and enhancing overall interactivity
- Conduct user playtests and QA to identify bugs and usability issues, achieving a smooth and engaging user experience

Household Hustle

Crystal Lake, IL

Lead Programmer & Project Manager

May 2024– Present

- Develop in Unreal Engine and C++ a first-person task completion game, demonstrating creativity and the expertise in the game development process
- Coordinate with programmers to set tasks, manage goals, and provide support, reinforcing strong project management skills

The Shifter – Pirate Software Game Jam

Crystal Lake, IL

Lead Programmer & Project Manager

July 2024– August 2024

- Led a team of three in developing a puzzle-adventure game, utilizing Unreal Engine and C++, to design and implement core mechanics and managing workflow
- Expanded skill set by learning Blender to create all in-game assets, ensuring seamless visual integration and enhancing interactivity.
